Career Objective:

I am a 3D Artist/ Generalist. I am specialised in Character creation for games and animation. I am aspiring to become a Game Arti Director. I would like to secure a challenging position in a reputable organisation in which I can express my passion towards art, games and animation. I want to push myself and create a great game with a team.

Interests:

What appeals to me most in my field is the process of conceptualizing and designing new characters, then bringing them to life in a 3D environment. I have extensive experience with various aspects of 3D design, including texturing, unwrapping, rigging, and both high-poly and low-poly modeling. Additionally, I am skilled in sculpting and animation, which allows me to bring my creative vision to life in the finest detail.

As a creative individual, I am always looking for ways to improve my skills and push my boundaries. I enjoy spending hours sketching and developing new ideas, and I am constantly exploring new techniques and methods to elevate my work to the next level.

Profile:

- * Proficient in using Blender, 3Ds Max, Maya, Zbrush, Substance Painter, Photoshop and 3D-Coat.
- * Fluent in both PBR material and hand-painted assets creation pipelines, able to create game environments efficiently, props & characters.
- * Proficient in digital painting, able to create concepts for environments, props and characters.
- * * Able to fully rig an character in Blender, 3ds Max and Maya and animate them.
- * Experience working with Unity. Creating various games in a team and alone.

Education:

Drawing course MK24	2007 - 2008
Gerrit Rietveld Acadimic, Pre-course	2009 - 2010
MediaCollege, Game Art	2013 - 2016
